HEALTHCARE CENTER ACHIEVES EXCEPTIONAL RESULTS

MOUNT PLEASANT, SC: Eric Hadley, Chief Operating Officer of Premier Senior Living, today announced that Sandpiper Rehab and Nursing located in Mount Pleasant, SC has received a zero deficiency survey. In receiving the perfect score, Sandpiper Rehab and Nursing was recognized for meeting or exceeding state and federal standards in literally hundreds of areas of practice and outcomes. Healthcare is one of the most highly regulated industries in America and receiving a zero deficiency survey is rare. The South Carolina Department of Health and Environmental Control inspects skilled nursing facilities annually. The survey process is known to be quite intense and places facilities under a grueling spotlight. Only about 4% of skilled nursing facilities achieve such high quality results as did Sandpiper Rehab and Nursing. "The entire staff is to be congratulated on this exceptional accomplishment. What has been achieved is a reflection of dedication and professionalism and we thank each and every one for their continued commitment to be the best", commented Hadley. Sandpiper Rehab and Nursing is part of Sandpiper Retirement Community located in Mount Pleasant, SC. Sandpiper Rehab and Nursing offers short stay and long term services and specializes in rehabilitation services designed for those transitioning from hospital back to home.
