Dear Clemmons V.
Staff

I want to thank each one of you
with all my heart for being so good
to my mom these past several months
and to us. I know you all have a
tough job and perhaps feel unappreciated
by many residents - but I want you
to know that your job is for His
Glory. Every day you help someone
in the bathroom, change a pull up,
feed a sick resident, or just sit with
them, you are doing the very work
of Christ.

Thank-You for loving my mom! Everyone
was so good to her and I know she wasn't
easy. Thank-you for loving me and my brother
as we tried to care for my (our) mom. The
hugs and kindness were so much needed
and appreciated. Lastly, thank-you for the
flowers and for bringing so many of mom's friends
to her funeral. You All will always have a special
