

Jenny,

Thank you for your phone call yesterday. When I left Mom yesterday morning I was feeling pretty "bummed". I felt so much better after I got your message. I will visit Mom in the morning but Thursday is my surgery and I probably will not get to visit her for several weeks while I recuperate. I am so thankful I moved her to Medlock; I feel confident in leaving her in your hands. Teresa was such a help to me yesterday. Your staff is awesome!

See you tomorrow. (Trying to get "Guardian" information all together for you.
Thanks again.

Peggy
