

Dear Jenny & Staff,  
what a wonderful surprise awaited us when we returned from Georgia on Sunday afternoon. The peace plant is beautiful and a perfect way to remember my mom, Sarah Smith.

Sarah always felt very lucky to live at Medlock Gardens. She commented on how nice Medlock was so many times and all of her family agrees. It is such a cozy place and the staff made her feel like she was among family - especially in the last three months when she began to really decline.

We will be forever grateful that she spent her last years in such a nice place. We can never repay all of you for your kindness, but please use the check for a party to celebrate Sarah's life or for the Christmas fund.

Thank you again!

Love,

Anne Moore  
& the Smith family
